

# High Performance Computing Systems, Inc.

dba: HPC Systems, Inc.

HPC Systems, Inc. is a leading provider of **high performance computing servers, clusters, blade servers, and workstations** based on commodity Intel and AMD processors. We offer **build to order** and standard solutions ranging from entry level single socket up to eighty core SMP supercomputers. Our products are designed to provide benefits in the areas of density, thermal management, remote management, ease of serviceability and flexible and efficient power utilization. All of our products are available on our **GSA Schedule** and can be procured as an **8(a)** set aside.

## Servers

- 1U Twin (2 servers)
- 1U 24

## Clusters

- Infiniband
- Myrinet

## Blades

- 20 x dual socket node in 7U
- 80 Core SMP

## Workstation

- nVidia Tesla GPU
- 48 Core Rendering

## Storage

- 4U 64TB JBOD
- NAS / SAN

## Partners

## Customers

U.S. AIR FORCE
